

GSARP

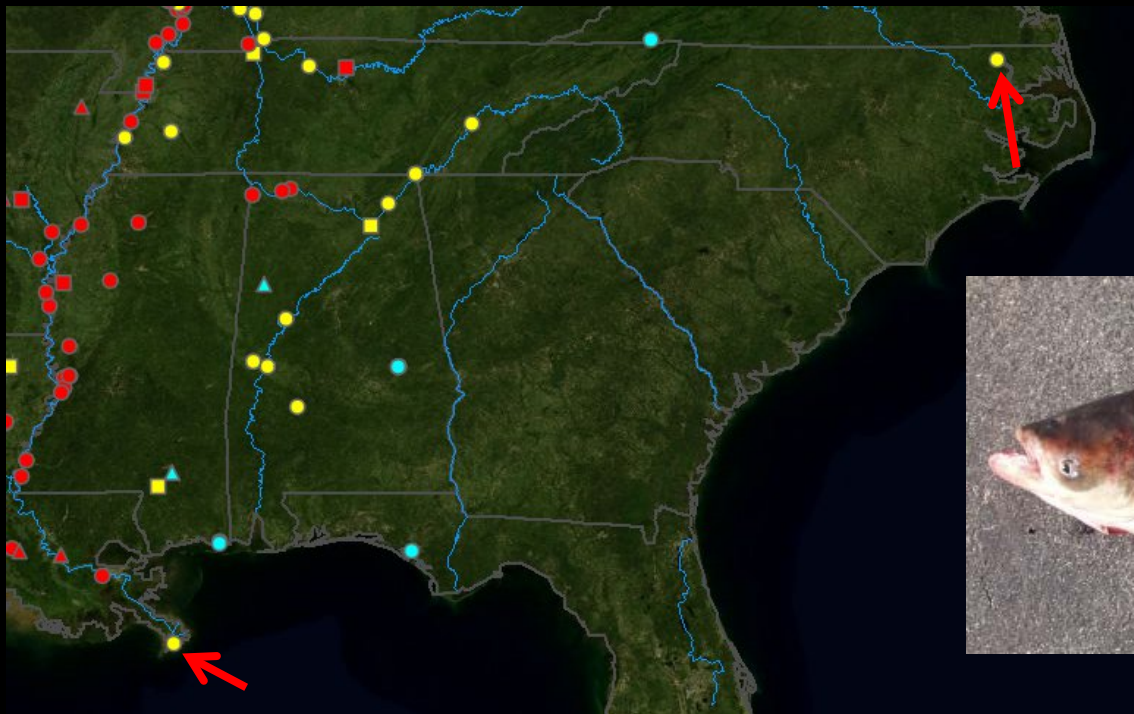

A map of the Southeastern United States, including Texas, Louisiana, Mississippi, Alabama, Georgia, and Florida. The map is filled with a light blue color and has a white outline. The text "GSARP Species Updates" is overlaid on the map in white.

GSARP Species Updates

Matt Cannister
USGS
October 2011

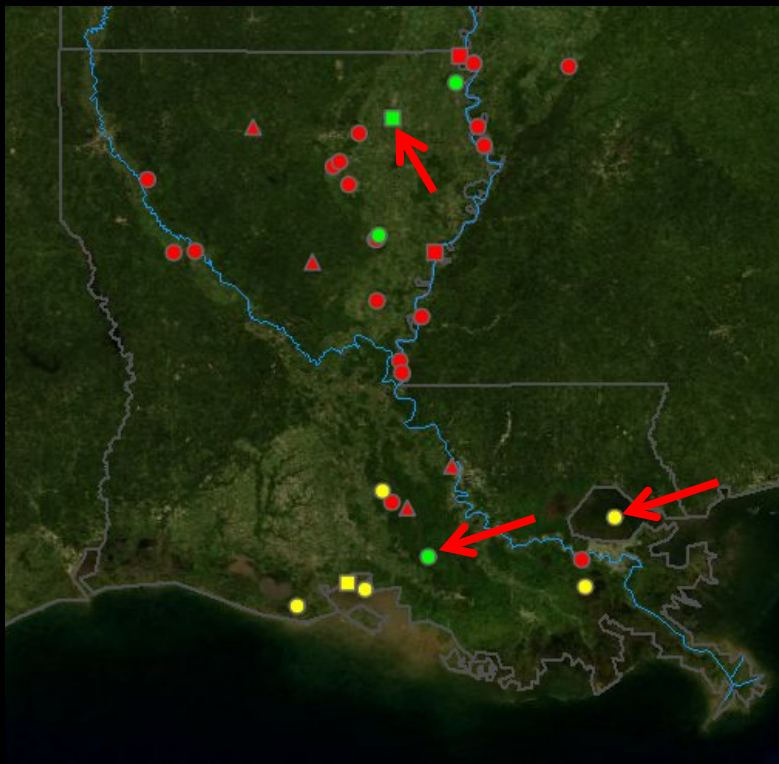

Bighead carp

	4/21/2011	bighead carp <i>Hypophthalmichthys nobilis</i>	State: NC Drainage: Chowan (3010203)
	7/19/2011	bighead carp <i>Hypophthalmichthys nobilis</i>	County: Plaquemines (LA)

Silver carp

	6/15/2011	silver carp <i>Hypophthalmichthys molitrix</i>	Drainage: Lake Pontchartrain (8090202)
	7/22/2011	silver carp <i>Hypophthalmichthys molitrix</i>	County: St. Martin (LA)
	7/22/2011	silver carp <i>Hypophthalmichthys molitrix</i>	County: Morehouse (LA)

Red-bellied pacu

	5/16/2011	pirapatinga, red-bellied pacu <i>Piaractus brachypomus</i>	County: Montgomery (TX) Drainage: Spring (12040102)
	6/1/2011	pirapatinga, red-bellied pacu <i>Piaractus brachypomus</i>	County: Lowndes (GA) Drainage: Withlacoochee (3110203)

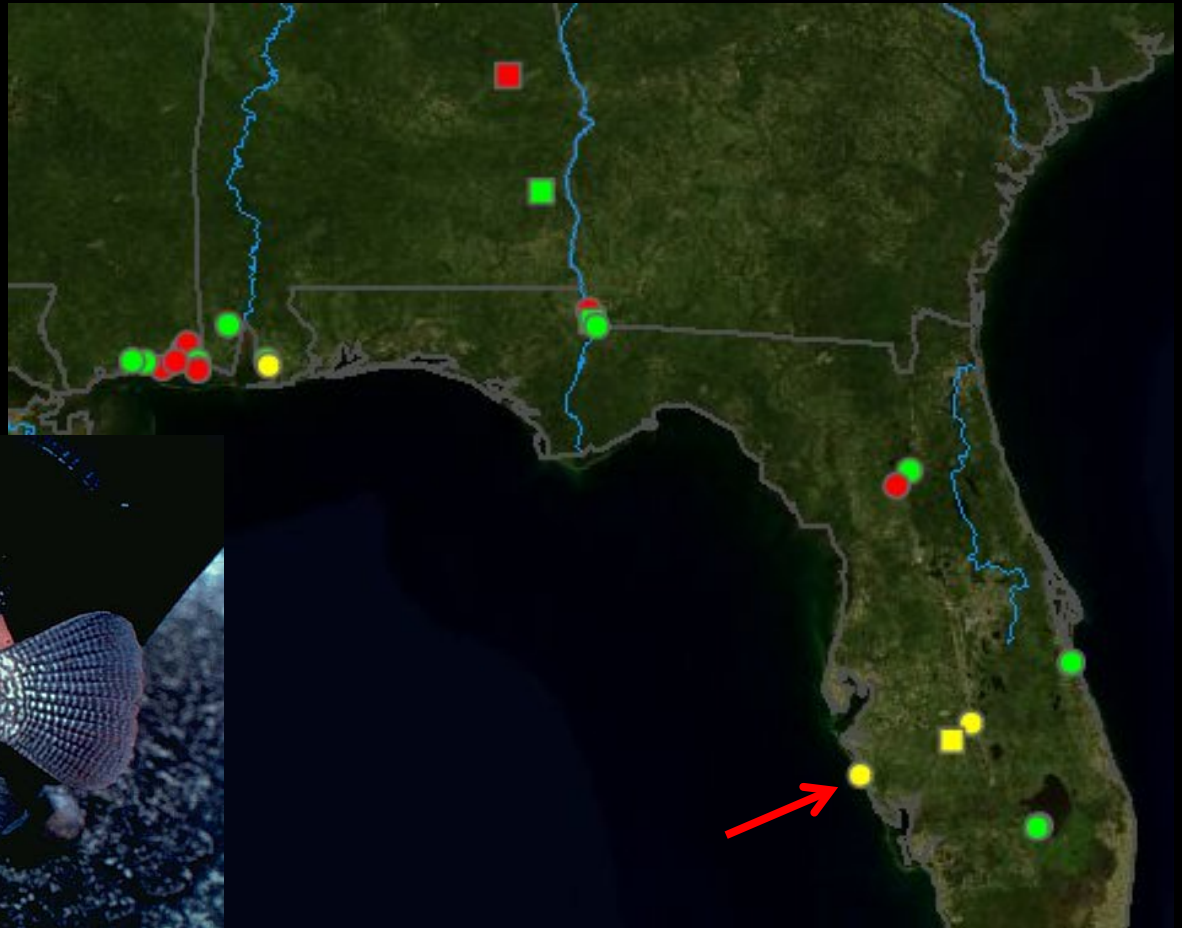

Nile tilapia

5/23/2011

Nile tilapia
Oreochromis niloticus

County: Sarasota (FL)
Drainage: Sarasota Bay (3100201)

Oscar

	9/14/2011	oscar <i>Astronotus ocellatus</i>	State: NC County: Chatham (NC) Drainage: Haw (3030002)
---	-----------	--------------------------------------	--

Zebra mussel

	5/9/2011	zebra mussel <i>Dreissena polymorpha</i>	County: Rockwall (TX) Drainage: East Fork Trinity (12030106)
---	----------	---	---

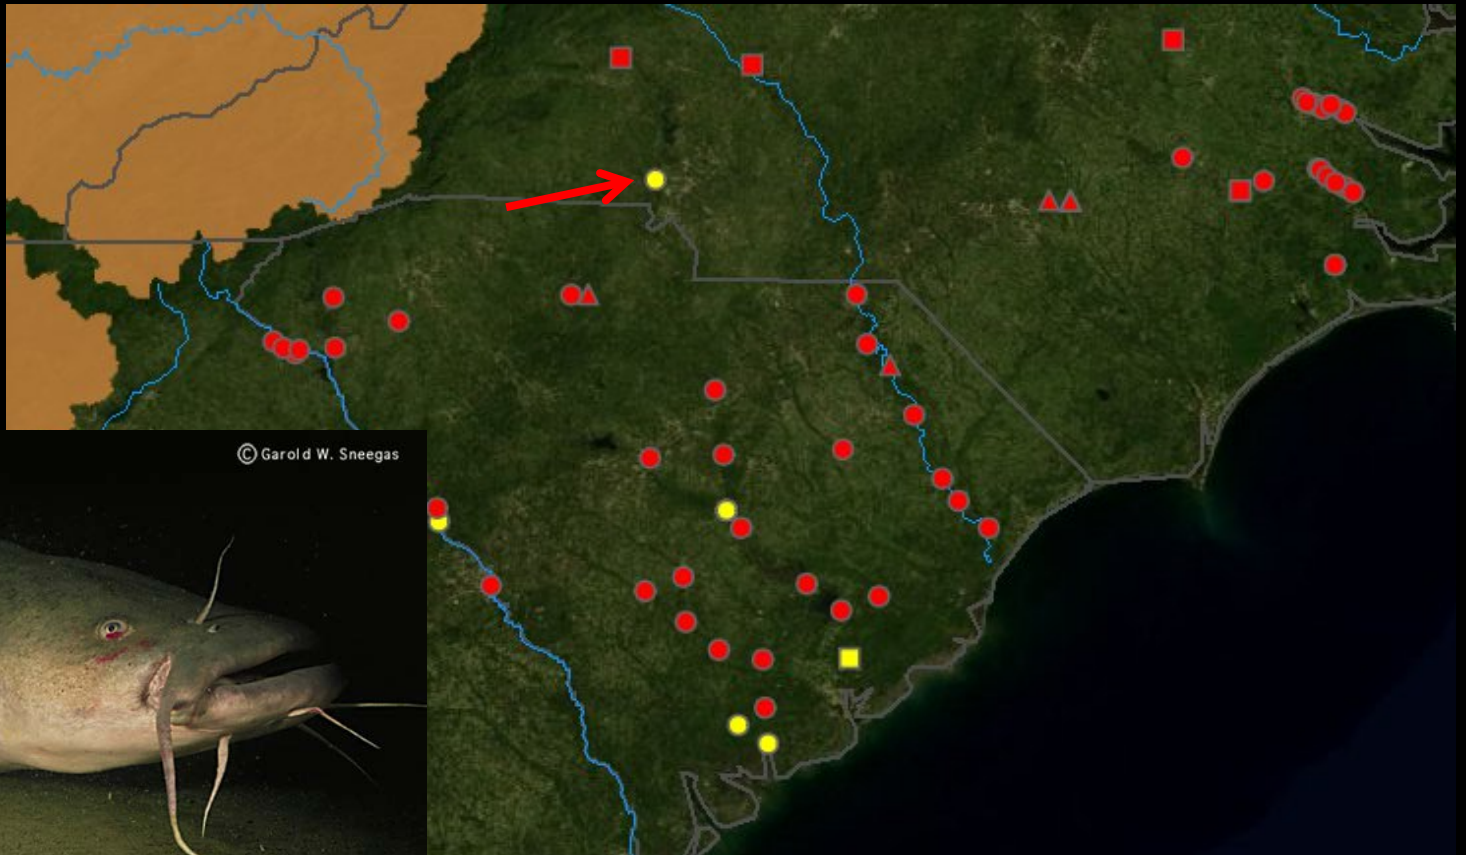

Flathead catfish

5/16/2011

flathead catfish
Pylodictis olivaris

County: Gaston (NC)
Drainage: Upper Catawba (3050101)

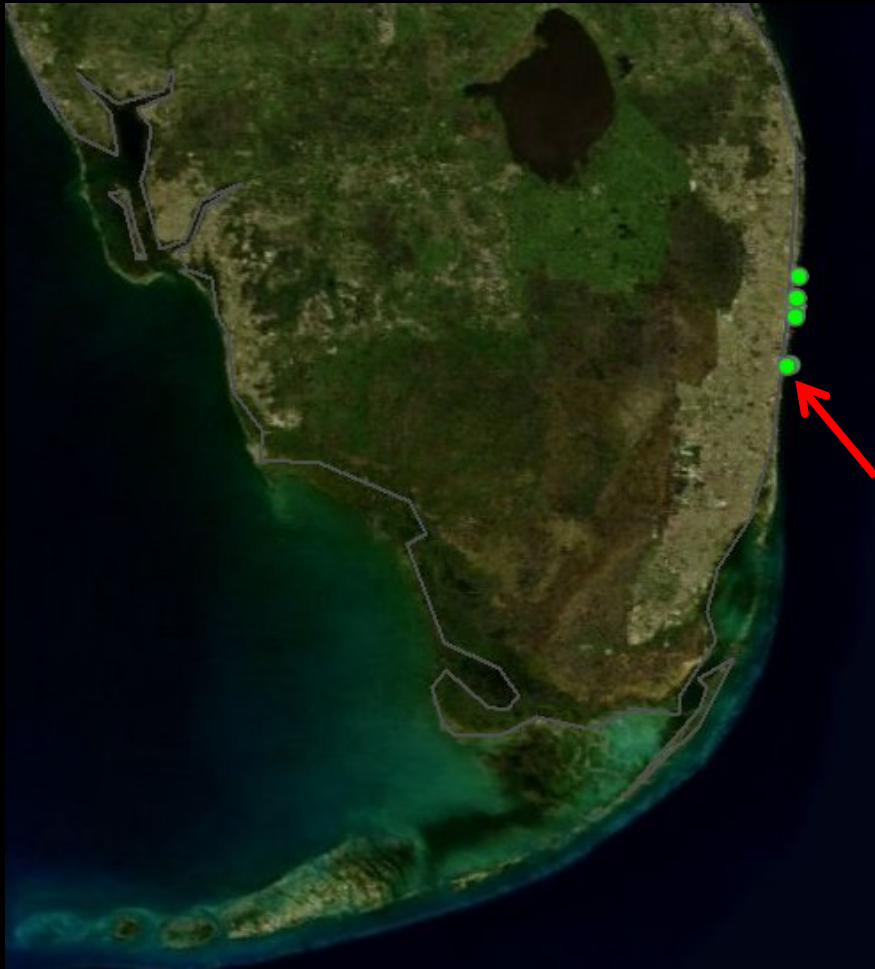

Australian spotted jellyfish

Yellow tang

Bonus		9/7/2011	yellow tang <i>Zebrasoma flavescens</i>	State: FL
---------	---	----------	--	-----------

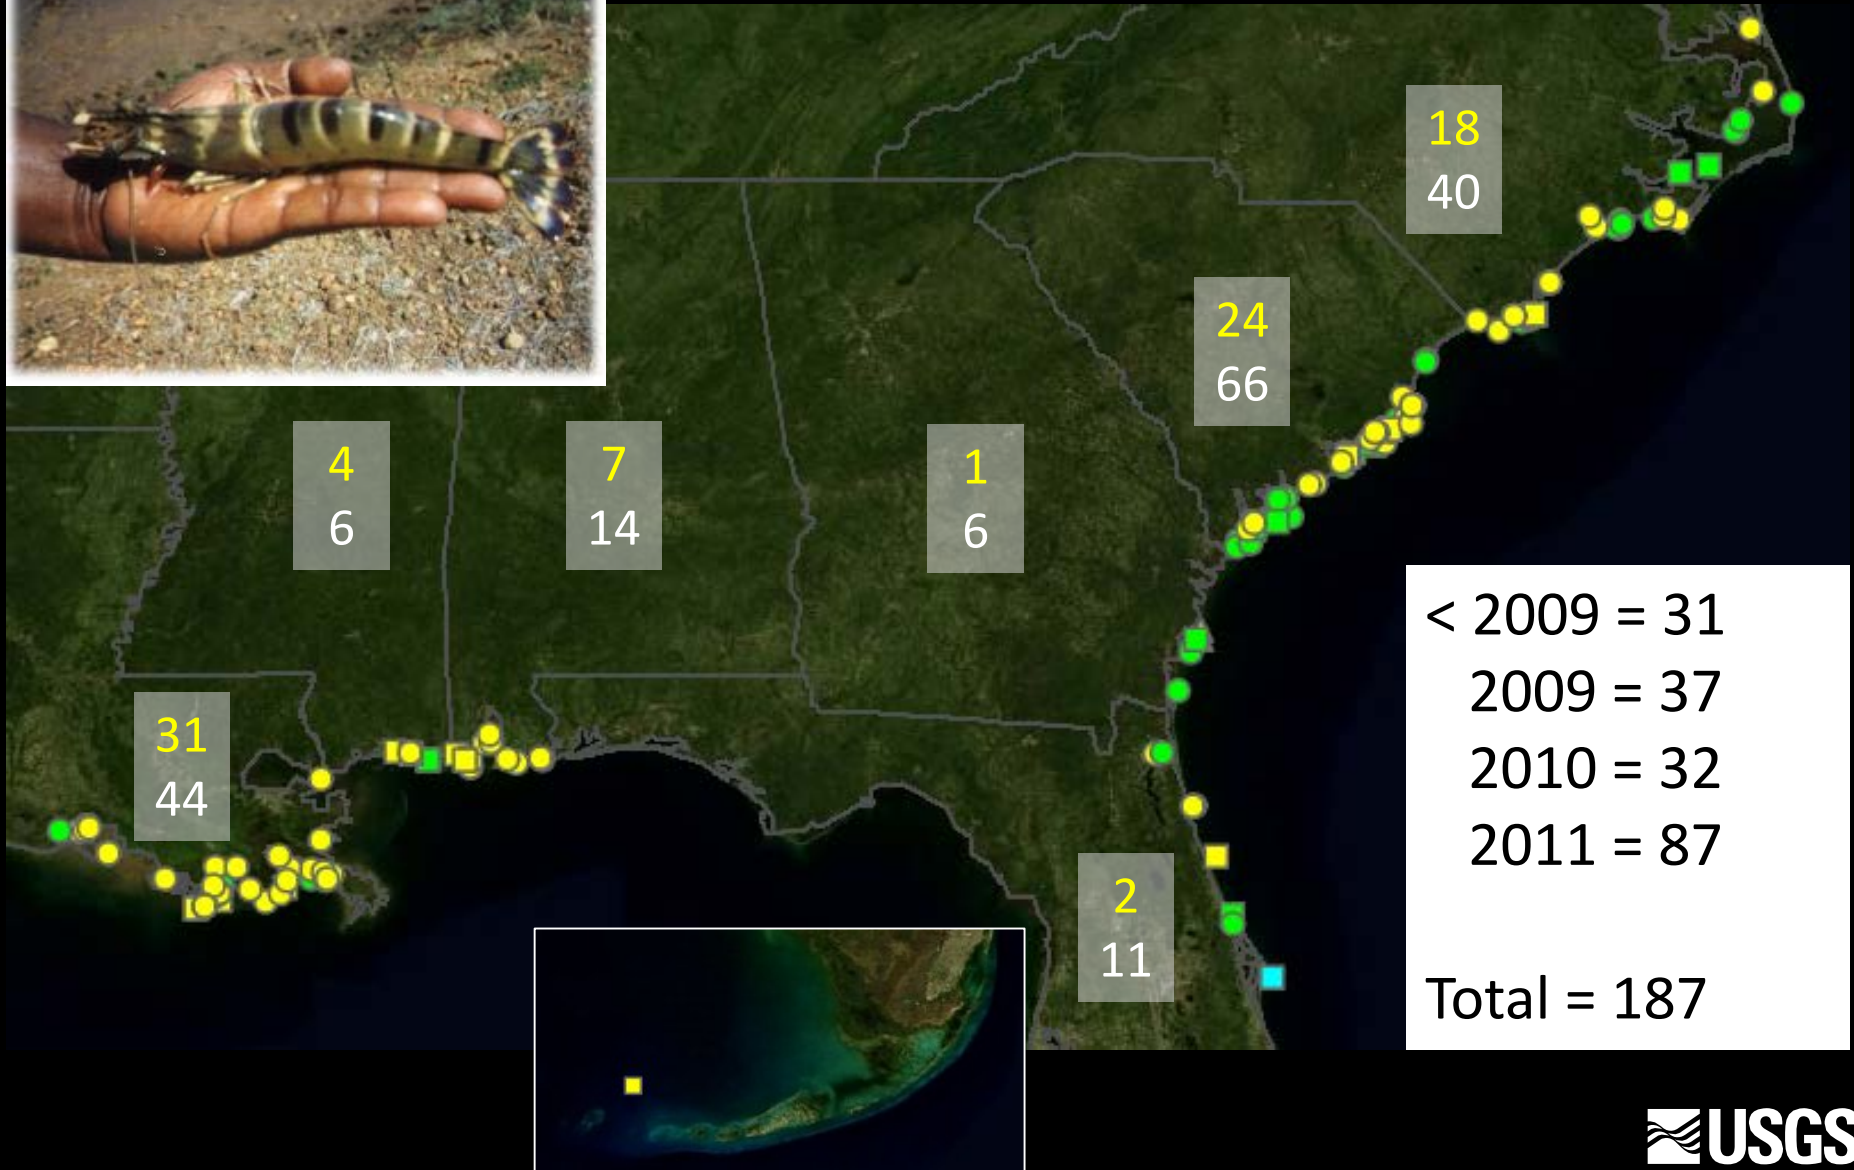

Sailfin tang

Bonus		6/1/2011	sailfin tang <i>Zebrasoma veliferum</i>	State: FL
---------	---	----------	--	-----------

Asian tiger shrimp

New to the U.S.

Pacific coast giant musk turtle

4/15/2011

Pacific coast giant musk turtle
Staurotypus salvinii

Country: US

State: FL

County: Miami-Dade (FL)

Drainage: Everglades (3090202)

Welcome to the Nonindigenous Aquatic Species (NAS) information resource for the United States Geological Survey. Established at Gainesville, Florida, this site has been established as a central repository for spatially referenced biogeographic accounts of introduced aquatic species. The site provides scientific reports, online/realtime queries, spatial data, and general information. The data is made available for agency groups, and the general public. The geographical coverage includes the United States and its territories.
